## Graduate Architect / Intermediate Technician

Cato Bolam is a leading land development consultancy providing “start-to-end solutions” for land development, subdivision and land use projects. Our company goal is “Creating Great Places” and that is what we strive to achieve – for our clients, our communities and our environment.

We are a well-established consultancy with highly qualified staff, state of the art technologies and procedures, and a great reputation. We offer a friendly, flexible working environment at office locations that are easy to get to. The salary package is attractive and targeted at the experience and potential of the applicant.

### The Opportunity

We have an exciting opportunity in our Manukau office for a graduate architect or intermediate technician to join our Architectural department that is rapidly growing. Adding to our core services of planning, surveying, engineering and environmental, our architectural team compliments our suite of services centred around design, consenting and construction of land development projects. Being part of a multidisciplinary consultancy, you will also be exposed to learning beyond the architecture process, rubbing shoulders with leaders in our industry from other disciplines.

### About You

Our ideal candidate would be locally based and have 3-5 years New Zealand based experience with a thorough working knowledge of ArchiCAD and local standards. We would prefer some experience in medium density type residential housing.

### The successful candidate will have the following:

- Relevant qualification (Technician or Graduate Level)
- Great communication and writing skills
- A willingness to work in a team environment
- Experience in ArchiCAD
- A desire to learn skills beyond architecture through having other disciplines at your side.

If you possess all or most of the above skills and believe you have the qualities we are seeking, then we would like to hear from you. We are open to a contract position as well as permanent.

### What we offer

A career at Cato Bolam gives, not only the opportunity to continue your professional development, but to be part of a team of professionals from other disciplines leading projects from concept to completion in a supportive work environment. We are

#### Manukau

15 Osterley Way  
09 263 9020

#### Orewa
