Project Manager Manukau

Cato Bolam is a leading professional consultancy providing start-to-end solutions for housing, land development, subdivision and infrastructure projects. Our company purpose is “Creating Great Places” and that is what we strive to achieve – for our clients, our communities, and our environment.

The Opportunity

We have an exciting new opportunity for a Project Manager to join our multidisciplinary Manukau office. You will have the opportunity to work collaboratively with our planners, engineers, architects and surveyors to deliver a wide range of residential, rural and commercial developments. The person we seek will assist the Manukau Office Director and team leaders to manage projects large and small from the time we take the enquiry to the day we hand over the keys.

A career at Cato Bolam gives, not only the opportunity to continue your professional development, but to be part of a team of professionals from other disciplines leading projects from concept to completion in a supportive work environment. We are committed to investing in our people and we provide personal development plan support and mentoring to help you grow and take the next step.

About Us

Cato Bolam, established in 1972, is a multi-disciplined professional service business and our team of 80+ located across four offices in Auckland and Northland has a proud reputation for delivering high quality services and outcomes. We offer a friendly, flexible working environment and a salary package that is attractive and targeted at the experience and potential of the applicant.

About You

Ideally you would be locally based and have experience in the land development industry in a professional capacity and preferably experience in project management. You may come from a planning, engineering, surveying or architecture background and have experience in coordinating and managing consultant teams on land development projects large and small and perhaps you are looking to utilise your skills in a different way. It is important that you have a “can do” attitude and are a team player who works well in a collaborative environment across multiple disciplines.
