

## About You

Ideally you would be locally based and have experience in the draughting of all aspects of land development engineering and/or Surveying plans for consent and construction purposes. You will also assist with other draughting including the preparation of residential and rural concept and subdivision plans. You will have the ability to focus, meet project timelines and have an attention to detail and presentation. It is important that you have a "can do" attitude and are a team player who works well in a collaborative environment.

You will also have:

- Excellent AutoCad Skills
- Land Development Engineering / Surveying draughting experience
- 12d Synergy (an advantage but not essential)
- Outstanding attention to detail
- A willingness and ability to learn and apply new skills

If you possess all or most of the skills above and are keen to work on a wide range of projects delivering innovative and sustainable design solutions, then we would like to hear from you.

## Land Development Draughtsperson Manukau

Cato Bolam is a leading professional consultancy providing start-to-end solutions for housing, land development, subdivision and infrastructure projects. Our company purpose is "Creating Great Places" and that is what we strive to achieve – for our clients, our communities, and our environment.
